11-A-SIDE SOCCER – This is it – THE soccer game. It's got everything – fouls, corners, goalkicks, penalties, throwins, off-side and much much more. Play the computer or friends – you'll love this game, it's ABSOLUTELY BRILLIANT!

INDOOR SOCCER – Real 5-a-side soccer with full indoor rules. There's fast action and loads of goals because play isn't interrupted by throwins, corners or goalkicks – the ball just bounces off the walls – A TRUE SIMULATOR!

STREET SOCCER – Excellent fun – soccer with no rules! Hack the other players and watch them roll around the road in agony! Be careful – don't lose the ball over a wall. You'll have great fun as you shoot the cars, off the houses and around the trees. JUST LIKE THE REAL THING!

SOCCER SKILLS – You've gotta train hard to be the best... 100m sprints, take penalties, goalie practice, dribble around cones, press-ups, sit-ups – faster! – bench jumps, weight lifting, full circuit training AND MORE!

There are four separate games which have to be loaded individually. 11-A-SIDE SOCCER and INDOOR SOCCER are on Side 1 of the tape, STREET SOCCER and SOCCER SKILLS are on side 2.

The games are compatible with joystick or keyboard. (SPECTRUM – The games are compatible with KEMPSTON, CURSOR and SINCLAIR Joysticks and with the Keyboard.)

Use the SPACEBAR and ENTER keys to select an option from the menu in each of the games. You can choose how many people can play (1-4) – (1-2) for C64 – from the menu. There are various combinations – play against the computer or a friend or team up with a friend to beat the computer.

To choose JOYSTICK or KEYBOARD, select CHOOSE CONTROLS from the first screen using SPACE and ENTER.

During the game each player can control only one footballer at a time – he's the one with a box and a number over his head! The computer will make sure you always control the player nearest the ball. You can change to the next nearest player by pressing your FIRE button.

To control the ball simply run your player into it – you can now dribble the ball around the pitch. To kick the ball at medium height press your FIRE button. To kick a low pass press FIRE + DIRECTION that you're running. To kick a high ball press FIRE + OPPOSITE DIRECTION that you're running. The power of the kick depends on how fast you're running.

FREEKICKS, CORNERS, GOALKICKS, PENALTIES – Run at the ball in the direction you want to kick it – you don't have to press your fire button.

THROW-INS – Point the player in the direction you want to throw and press FIRE.

11-A-SIDE SOCCER – Full professional soccer rules.

INDOOR SOCCER – The game is played in a totally enclosed area – there are no throw-ins, goalkicks or corners – the ball just bounces off the walls. There is no offside rule but a freekick is given if you enter the other teams goalmouth with the ball. The pitch is very small so be ready to defend quick attacks and take advantage of lucky breaks!

STREET SOCCER

Soccer in your own back yard! Dribble around houses, on pavements and cars, bouncing the ball off walls and fences to score spectacular goals. There are hardly any rules in Street Soccer so be careful not to get fouled by the other team!

SOCCER SKILLS

Build up your strength, stamina and skills in this football training game.

BALL CONTROL – Dribble through the cones – to the top and back again.

GOALKEEPING/PENALTY TRAINING – practice these skills to improve your 11-A-Side game.

SPRINT TRAINING – Use LEFT and RIGHT alternately and rapidly to sprint to the top of the pitch and back again.

PRESS-UPS – Use UP and DOWN controls to complete a number of press-ups in as short a time as possible – watch your energy level though.

WEIGHT LIFTS – Use diagonal controls (UP + RIGHT, DOWN + RIGHT, UP + LEFT, DOWN + LEFT) to build those muscles.

HELP LINES

If you can't get any further in any of these games and would like us to give Hints & Tips on how to solve all the puzzles just phone the numbers below. Please don't phone unless you are really stuck and make sure you get permission from the person who pays the phone bill first!
